## PROMINENT DISTILLER PASSES AWAY

John Traylor Dies at Home Near Gilberts Creek As The Result Of Blood Poisoning.

John Traylor, one of the best known distillers in this part of the state, and a leading resident of the county, passed away at his home in the Gilberts Creek section of this county Wednesday. For many years he had operated the John Traylor distillery at Gilberts Creek, his brother, Henry Traylor, operating the Edgewood distillery farther up on Dix river. Mr. Traylor had been in ill health for some time, and while his death was hardly unexpected, still it came as a sad blow to his friends and loved ones. The immediate cause of his death was blood poisoning. His wife and children were with him when the end came and now that the loving husband and father is no more, they have the sympathy of everyone.

Mr. Traylor was born in Lincoln county and lived here practically all his life. Besides his wife, he is survived by five daughters: Mrs. Ivon Fish, of Crab Orchard, Mrs. S. K. Dudders, of this city, Miss Polly Duane Traylor and two younger daughters, twins.

The funeral of Mr. Traylor was conducted at 4 o'clock Thursday afternoon by Rev. J. G. Livingston, of Crab Orchard. Interment was in the Goshen cemetery.

## Dies of Pneumonia.

Sweet Young Girl Passes Away Near Hustonville.

Miss Bessie Talmage Lyon, the 13-year-old daughter of Mr. and Mrs. G. C. Lyon, near Hustonville, on the Mid-dlebury pike, died at their home Wednesday, after a short illness of pneumonia. She was a sweet child and very popular with all, and her loss is a severe one to her parents.

She will be laid to rest in the Hustonville cemetery this Friday morning, at 10:30 o'clock, after services at the home by Rev. B. J. Pinkerton.

## J. L. Fagaly No More.

J. L. Fagaly, a prominent resident of the Waynesburg community, died at his home on Tuesday and was buried Thursday after services in the Porter Grove Methodist church. Mr. Fagaly was 65 years of age. He came to Lincoln county from Ohio and had the respect of everyone who knew him. He is survived by three children. Mr. Fagaly's death was caused by congestion of the lungs. He had been ill but a short time.

## WAYNESBURG.

Born to the wife of Sherman May, a fine boy.

Miss Lena Singleton, who has been very ill with pneumonia, is rapidly improving.

J. G. Griffin and family have returned to Kentucky, after a few months' sojourn in Indiana. Miss Elsie Singleton was with her aunt, Mrs. A. B. Morgan, last week. Misses Moore and Walls and Miss Bessie Moore visited at Mrs. H. H. Singleton's.

Rev. W. S. Taylor filled his appointment at this place Saturday and Sunday.

The social entertainment given by the L. O. T. M. of this place was a success, \$13 being cleared. The Macabre drill of 21 girls, conducted by Mrs. Smith, was beautifully carried out. A large crowd attended and perfect order was maintained.

## Christian Church.

There will be a joint meeting of the Ladies' Aid Society and the C. W. B. M. in the lecture room of the Christian church Saturday afternoon at 2 o'clock. A full attendance is urged to make final arrangements for convention. Every member of the church is requested to make a special effort to be present at the Bible school next Sunday to secure the convention banner for the largest attendance.

Every family and especially those who reside in the country, should be provided at all times with a bottle of Chamberlain's Liniment. There is no telling when it may be wanted in case of an accident or emergency. It is most excellent in all cases of rheumatism, sprains and bruises. Sold by G. L. Penny.

H. C. Bottom, of Shelby City, bought for September delivery 35 steers from R. H. Cooper at \$6.50 an ac.

## Col. Belknap Dead.

Col. Morris R. Belknap, republican candidate for governor against Gov. Beckham in 1903, died at his home in Louisville Wednesday afternoon. He was 54 years of age and one of the wealthiest men in Louisville.

## Free Seed Corn

Will Be Given Away And Growers Organized Today.

W. H. Strange, representing the State Department of Agriculture, will be in Stanford this Friday afternoon, about 1 o'clock for the purpose of forming a Corn Growers' Association, and distributing three bushels of seed corn free to the members of the association. Much good has been accomplished by these organizations of corn growers and a much better and more prolific crop of corn is being produced every year by better selection of the seed corn. Every farmer in Lincoln county who raises corn is urged to be present and join the association, which costs nothing, and get some of the seed corn.

## Court Day Sales

Six Hundred Cattle On Market And Demand Brisk For All.

There were altogether about 600 cattle on the market here court day, and practically every one of them changed hands. Stockmen and traders from all over this part of the state were on hand at Nunnelley's stock yards and there was a brisk demand for everything that was offered. So good is the market here that Mr. Nunnelley has men over the surrounding country looking for cattle to buy, and then can not secure enough to satisfy the demands that are made upon him.

He bought from C. A. Hammond, of Russell county, 78 mixed cattle at from 2½ to 5½ cts. Mr. Hammond and U. T. Selby, also of Russell, bought 54 steers from Charley Pile, of the McKinney section, and immediately sold them to M. J. Farris, of Danville. A. T. Nunnelley sold to George Peel, of Jessamine, 50 cattle at 4½ to 5½ cts. He sold to Mr. Farris, of Danville, 24 cows at 2½ to 4½ cts. and sold a bunch to Harris Bros., of the Hubble section, at 6c. Anderson Carr, sold six yearling Jersey heifers to Lutes & Arnold at a good figure.

Jones & Cress sold 12 700-pound cattle to Hill, of Garrard county, at 6c. They sold to M. J. Farris, 25 cows at 3½ cts and bought a number of hogs at 9c for delivery May 1st.

William Spoonamore sold a nice iron gray mare to J. J. Severs for \$175, and the latter was offered \$200 for her shortly afterwards.

T. C. Rankin bought of L. Rankin 15 two-year-old cattle at \$35.

## Had Key To London Jail.

George Farmer, who made his escape from the London jail in a mysterious manner last Friday, was captured in Pulaski county by Deputy U. S. Marshal George Thompson and Frank Mullins and is again in custody of the jailer of Laurel.

A key to a side door that is never used and which had been lost for some time when the present jailer took charge, was found in one of the prisoner's shoes.

## Still Destroyed In Rockcastle.

Deputy Collector F. P. Elliott, of this city, made a raid on Skaggs' Creek, in Rockcastle county, and destroyed a fine copper still and complete outfit for distilling moonshine whisky, with several hundred gallons of beer and mash. It was one of the best equipped plants for making moonshine whisky ever captured in the mountains.—London Democrat.

Prompt relief in all cases of throat and lung trouble if you use Chamberlain's Cough Remedy. Pleasant to take, soothing and healing in effect. Sold by G. L. Penny.

## Druggist Acquitted.

In the circuit court at Danville W. A. Reynolds, the Junction City druggist, was acquitted of the charge of selling liquor illegally. The evidence showed that the whisky was sold on the prescription of a creditable physician.

## To Receive Census Reports.

I will be at the meetings of the trustees boards to receive census reports at Waynesburg, April 21st, Crab Orchard April 23rd and at McKinney, April 25th. G. Singleton, Supt.

## BROTHER OF LOCAL MAN KILLED BY EXPLOSION.

Walter Warren Receives Sad News Of Fearful Death Of A. T. Warren In Texas.

Arthur Thomas Warren, brother of Walter Warren, of Stanford, was one of the victims of a premature explosion of powder on the Santa Fe railroad near Brownwood, Texas, early in the week. He was foreman of the blasting crew, and it is believed that his body was blown to atoms as he was immediately in the neighborhood of the explosion, in which eight others were killed. Mr. Warren received several telegrams this week to the effect that no trace of his brother's body had been found. He directed that every effort be made to find it for burial, if he was dead. Some believe that his body was buried under tons of rock.

The dispatches from the scene of the catastrophe said that 1,500 pounds of dynamite was touched off prematurely and the explosion sent men and debris hundreds of feet into the air. The men were working in a deep cut and caught the full force of the fearful blast.

The missing victim had lived here in Lincoln county for some time several years ago, and had visited his brother here.

## High Value On Dogs

Tom Hackley Refuses to "Swap" Fox Hound For A Mule.

J. T. Hackley, Jr., is the boss fox hound breeder in this part of the country. He has just shipped dogs to six different states, and nearly all his shipments have been to old customers, showing that they are pleased. He sent one to Mississippi, two to Tennessee, one to Oklahoma, one to Ohio, one to New York and one to Illinois. Mr. Hackley values his hounds so highly that he refused an offer to trade one for a mule, made him by Geo. Holmes last week. At the prices mules are selling at present, this puts a pretty high valuation on fox hounds. Mr. Hackley breeds the old Waiker strain of dogs and thinks they are the best in the world.

## Hubble.

Everybody is busy getting ready to plant corn.

Farris Fitzpatrick and wife are both on the sick list. Uncle Charley Duke is laid up with a sore foot, the result of frost bite.

Tobacco men are complaining that their tobacco beds are not coming up. A. P. Sloan sold a mare to Wm. King, of Boyle, for \$150. A. A. Rankin sold some two-year-old cattle to T. C. Rankin at \$35 a head.

Mrs. Nannie Sloan has returned to Berea after spending several days with her parents here.

R. L. Hubble is building a tobacco barn. J. C. Eubanks is cutting timber to build a large tobacco barn. Mr. Gooch, of the Highland section, will saw his lumber. R. F. Sloan writes from Nevada, Iowa, that he is well pleased with the country.

The lamp in Mrs. J. L. Sloan's incubator exploded, setting the house on fire. She succeeded in putting it out, but was slightly burned about the head and face.

J. N. Sloan, of Bryantsville, visited his brother, A. P. Sloan, Sunday.

## McKINNEY.

The Lady Macabees have reorganized their hive here and will meet on each second and fourth Thursday afternoon.

Preaching at the Baptist church next Sunday morning and night by Rev. Coleman.

Mrs. Lippa, who is teaching a subscription school at this place, is making a success of it.

Mrs. Edith Robertson, of Brownsville, Ind., is visiting her cousin, Miss Hodap, who is a stenographer in the Columbus Singletree Co.

George Rife is working third trick at the depot, much to the delight of his friends. Miss Hettie Moore has returned home for a visit before going to Washington City to accept a position in the census office.

The honor roll of the McKinney school is as follows: Marjory Cockings, Pearl Jarboe, Grace Elliott, Ollie Crump, Helen Jones, Patterson Tanner, John Murphy and James Cannon. Miss Lippa, the teacher, has done splendid work this term and the patrons are much pleased.

A WYOMING GIRL will be presented at Walton's Opera House on Monday night April 18. It is a beautiful play of Western life and the characters are highly recommended. Miss Daisy Hazelton, who is starring in the part of "Scissors," gives a beautiful and picturesque creation of Western life. Remember the date, Monday night, April 18.

## Came Back to "God's Country."

End of Celebrated Case.

The Tennessee supreme court affirmed the sentence against Col. Duncan B. Cooper for the murder of former Senator Edward W. Carmack, but reversed the sentence against Robin J. Cooper on the ground of errors. Before the dissenting opinion had been read in the case of Col. Cooper, Gov. Patterson issued a pardon to the convicted man.

## Clark Farris Dead.

Garrard County Veteran Dies At Confederate Home.

News was received here Wednesday of the death at the Confederate Home, at Pewee Valley, of R. Clark Farris, who has been living there for about two years, having been stricken with paralysis. He was long a resident of Garrard county and no man in this part of the State was better known or stood higher in the esteem of all.

Mr. Farris was 72 years of age at the time of his death. He was a brother of the late John R. Farris. Mr. Farris' wife died some years ago and he leaves one daughter, Mrs. George Holmes, of Lexington, one brother, T. S. Farris, of California, better known as "Bub," and three sisters, Mrs. John Engleman, Sr., and Mrs. C. V. Gentry, of this city, and Mrs. Sam Engleman, of California. He was a member of Capt. Bob Logan's company, as was his brother John, and served with Morgan, being captured on the Ohio raid. He and his brother saved the life of Col. Grigsby when Morgan and his brave men swam the Ohio river. Grigsby's horse was killed at half way and the two brothers at great peril to themselves turned their horses, and their colonel grasping a stirrup leather of each saddle, they landed him safely on the other shore.

Mr. Farris' remains were buried in the old soldiers' cemetery at the Home where so many of his brave old comrades lie, there to await the last respite on resurrection morn. Mr. C. V. Gentry went to Louisville yesterday to attend the burial.

## Return Game

Will Be Played at Danville Today. Hustonville's Line-up.

The Stanford High School team goes to Danville this Friday afternoon, for a return game with the nine of the D. & D. Institute. As the latter are seeking revenge for their 10-inning defeat here last Friday, a hard contest is expected.

The Hustonville base ball team has received a letter from J. Hal Grimes, manager of the Harrodsburg team, inquiring about the organization of an amateur league to be composed of Harrodsburg, Hustonville, Lancaster and Stanford. The Hustonville boys have a good team this year, the line-up being as follows: Bishop, C; Swope or C. Dunn, P; Swope, 1st B; G. Dunn, 2nd B; Neal, 3rd B; C. Dunn, SS; Stagg, LF; Hall, CF; Carpenter, RF.

## Home Cure For Eczema.

Does it not seem strange that so many people suffer year in and year out with eczema?

A 25 cent bottle of a simple wash stops the itch and will surely convince any patient.

This wash is composed of mild and soothing oil wintergreen mixed with thymol and glycerine, etc., and known as D. D. D. Prescription. We do not know how long the D. D. D. Laboratories will continue the 25 cent offer, as the remedy is regularly sold only in \$1 bottles and has never before been put on the market on any special offers.

If you want relief to-night try a bottle at 25c on our personal recommendation. Shugars & Tanner.

## Louisville Starts Well.

The American Association opened its season Wednesday and Louisville, last season's pennant winners, defeated Columbus 6 to 0 on the latter's grounds. Toledo won from Indianapolis, 5 to 0; Milwaukee beat St. Paul 2 to 1 and Kansas City defeated Minneapolis 10 to 5.

The Literary Society of the Fourth Grade of the city school will entertain its friends this Friday afternoon. Giaiborne Walton is president of the society and Annie VanArsdale Craig secretary.

John G. White has been appointed postmaster at Winchester, and again Bradley scores.

## HOW TO SECURE CO-OPERATION OF PARENTS

Teachers At City Schools Write On Subject—Paper That Was Considered The Best.

THE teachers in the Stanford city schools have had regular meetings throughout the year. They meet not so much for social intercourse as to study and discuss the problems of the work of bettering the school system. In their study they have just completed a text entitled, "Chamberlain's Standards in Education." "How to Secure the Cooperation of Parents" was a subject assigned them for the April meeting. A committee examined the papers and the one which follows was regarded as worthy of publication. They all deserve to be published, for good thought and well defined plans are in each one. This will go to show some that often while the pupils and patrons sleep the teacher is studying for the interest of each. This was written by Miss Claudia Eaton.

## INTEREST AND CO-OPERATION OF PARENTS.

In referring to the mighty sovereigns of powerful nations, we speak of "the power behind the throne," yet in the pursuits of practical life, naught is mentioned of the hand that shaped the destiny of so many of our fellow workers. The renowned inventors, authors, statesmen, orators and other learned men of our land have had some incentive, however small it may have been, through which they have achieved their great work, and whereby they have climbed round by round the ladder of success, only, at last, to attain the summit of all glory and fame. That word of encouragement to a struggling apprentice, or that determination imparted to the faint-hearted, was the power, in its results, behind a weak and tottering throne.

As we mold the character of the children of today, so will the citizens of tomorrow be. The child is the throne; the parents "the power behind the throne." The mothers and fathers are the keepers of the key to the lives of their children. With this precious article they may turn to the right, which leads to the path of righteousness; or to the left, which opens to the road of wrong doing.

For whom has the boy the same feeling of respect and reverence as for his father? Even the most wilful and disobedient are influenced to a greater or less extent by the words of warning that fall from the lips of his parents. The parents spare no expense that their children may be well clothed, well fed and last, but not least, well trained. The children are finally sent to school, placed under the thorough training of a qualified tutor and, as far as the parents are concerned, their duties are completed at this stage.

In the pedagogical profession, the successful teacher, in order to accomplish the most satisfactory work, endeavors to understand each child perfectly. This is impossible without the assistance of the parents: How can a teacher, who has had a child under her or his instruction for the brief period of that child, as the parents who, for 14 or more years, have watched every movement with a mother's care and a father's pride? The teacher's aim is to give to her pupils the best that in her lies; and in return, to obtain from the pupils the best results that they are capable of rendering. It is impossible to reach each child in the same manner. Yet the teacher has 30 or 40 pupils of various inclinations. What then is to be done?

A few days after a zealous teacher takes

of Lincoln county, is a candidate for re-nomination for Congress from the Eighth district, subject to the action of the democratic party.

AND still they come. The papers of the Eighth Congressional district are not going to be laggards and permit the other country papers of the state to secure all the honor and credit of demanding that this district's favorite son is the Moses to lead the democratic children out of the wilderness. The Danville Advocate views the situation well in this editorial: That the straight and well-defined path out of the slough of despond for the democratic party in Kentucky is the nomination of James B. McCreary to serve a second term as governor of the commonwealth can not be logically disputed by anybody conversant with circumstances as they exist at the present time. No other name that could be mentioned would have the same tendency to unite the factions and none other would beset an election. Having ably and honestly served his fellow citizens in every position to which they exalted him in the past; having won the esteem and respect of his political enemies as well as the love and admiration of his friends, and having once made the State what is known in its history as "the model governor," it could again be induced to enter the gubernatorial arena, there is not a republican opponent who could successfully stand before him. And what a step upward it would be from Willson to McCreary! Just think about it for a moment, contrasting the conditions prevailing when the latter was governor and those existent at the present time, and which are likely to be perpetuated indefinitely if republicanism is again successful by the mistake of the democracy in nominating a weaker candidate, and who is there that will say McCreary is not the Moses to lead the children of Israel into the promised land?

**GO RIGHT AT IT.**  
Friends and Neighbors In Stanford Will Show You How.

Get at the root of the trouble. Rubbing an aching back may relieve it, but it won't cure it. You must reach the root of it—the kidneys.

Doan's Kidney Pills go right at it; Reach the cause; relieve the pain. They cure, too, so Stanford people say.

Capt. Thomas Richards, W. Main Street, Stanford, Ky., says: "Many years ago my kidneys began to trouble me. My back grew so lame that I could not stoop and I slept poorly at night. Sometimes an almost complete retention of the secretions existed, then again I had a frequent desire to pass them. When the secretions were voided, a burning pain was in evidence. I finally had the good fortune to learn of Doan's Kidney Pills and I commenced their use. This remedy gave me great relief and in view of my experience, I consider it the best preparation of its kind I have ever taken. I have recommended Doan's Kidney Pills to scores of people and everyone has reported that good results have followed their use."

Farmers should eat more oatmeal.

Although the farmer of today is able to buy almost anything he wants to wear or to eat he isn't paying enough attention to his own table.

If he has been watching the extensive researches and experiments on the question of the best human food for muscle and brain he will heed the advice from all sides to "eat more Quaker Oats."

Quaker Oats is mentioned because it is recognized in this country and Europe as the best of all oatmeals. Feeding farm hands on Quaker Oats means getting more work out of them than if you feed them on anything else.

For hot climates it is packed in hermetically sealed tins; regular size package 10c.

## Electro-Medical Baths for the sick.

We beg to inform you that we have installed our outfit for giving Electro-Medical Baths. This treatment as given by us is practically the same as that given at the famous Spas of Europe and some of the Mineral Springs and large Sanitariums in this country for the cure of nervous and chronic diseases, and especially those diseases arising from an excess of uric acid in the system. Uric acid, by accumulating in the system in excess, poisons the blood and causes a great variety of diseases affecting the organs of respiration, digestion and excretion. It causes diseases of the skin and mucous surfaces, the heart and arteries, brain and nervous system, muscles and joints.

The uric acid condition is the cause of Rheumatism in its various forms; also diseases of kidneys and bladder, asthma, quinsy and bronchitis, catarrh, eczema, hives, itching and burning of the skin, palpitation of the heart, cold hands and feet, dizziness, mental depression, melancholia, neuralgia, chorea, hysteria, numbness, headaches and a great variety of purely nervous symptoms. Old age and people of middle life are the greatest sufferers, but the young are not exempt.

A course—2 to 4 weeks—of our Electro-Medical Baths cures the system of the uric acid and other toxic compounds; and, by removing the cause of disease, gives quick relief and a lasting cure. These baths in connection with our Violet Light Treatment, relax nerve tension, produce sound sleep, improve appetite and digestion and by so doing cure nervous diseases, headaches, insomnia, neurasthenia, nervous exhaustion, melancholia, etc.

Obese, or over fat people, get rid of 7 to 10 pounds per week without injury to heart or digestion, and with great improvement in health and appearance.

You are invited to consult with us freely in regard to yourself or friends.

## Cecilian Leaf,

44165

Sired by Red Lexi 121393, the 'greatest' of all rodders; 1st dam Day Maid by Cecilian, he by Gambetta Wilkes; 2d dam Nell by Balora 1024; 3d dam Noon Day by St. Elmo 275; 4th dam by Pilot, Jr. 125.

In Cecilian Leaf the blood of C. F. Clay and Red Wilkes is united with that of Gambetta Wilkes and Pilot, Jr., and should prove a cross which cannot be excelled.

Cecilian Leaf is a well developed, registered trotting colt, four years old. He is a rich bay with two white hind feet and a star, is exceptionally rangy for a trotting horse, especially graceful in the neck; stands full 15 3-4 hands; has high action and lots of style and finish, which, in addition to his speed, makes him an ideal horse for the stud. These qualities are just what is needed in a sire to breed high class harness and walk-trot horses, and it is the walk-trot that sells for the most money and has the readiest sale. Cecilian Leaf is unmarked but can't trot in 2:28. He will go for a record this summer.

He will make the season at the Pink Cottage Barn 1 1/2 miles from Stanford on the Hustonville pike. The fee to a limited number of approved mares this season will be \$15 for a living colt. Season fee due when mare is parted with.

In offering the services of this young horse whose sire and whose dam's sire are among the very foremost of all Kentucky's horses as sires of fancy show horses, I believe that I am making you an offer of rare merit.

## Middleburg.

A couple of strange dogs broke into Mrs. Q. R. Jones' poultry yard and killed four of her fine ducks. The dogs escaped, going toward Liberty.

Frank Douglas swore out a warrant of arrest for one Lucinda Nickles, charging her with killing a hog belonging to him. The parties live in the Walltown section.

Dr. D. R. Middleton asks us to say that the rumor to the effect that he is not a registered physician is false and those who think otherwise can find out by going to the clerk's office at Liberty.

The flag raising that was postponed sometime ago on account of bad weather, will be held here Friday on the Graded School grounds, when a big time is expected. The band will make music and there will be other exercises to entertain those present.

It seems that there is going to be something doing here this summer. A half dozen residences will likely be built, besides considerable repairing done. Our people have gotten a move on themselves at last, and the town will likely show a decided improvement before the frosts of another winter.

The fiscal court, while in session last week ordered two bridges built in the county this year; one at the Elliott ford between this place and Yosemite, and the other across South Fork at Phil. These "showers of blessings" have been delayed quite a while and the fiscal court should be praised for bringing them even at this late date.

Miss Minnie Shannon, of Junction City, is with her aunt, Mrs. J. A. Ester. Miss Emma Fogle left Saturday to spend several weeks with her sister, Mrs. Judd. Jason Lawhorn and wife visited relatives at Hustonville. Miss Lizzie Fogle came down from Danville and spent several days with the family of J. C. Fogle. W. E. McWhorter went to Somerset Monday to see his brother.

## Kentucky Farmers

think that if they raise 20 bushels of wheat or 15 barrels of corn to the acre they are doing well.

ARIZONA RANCHES raise from 6 to 9 crops of Alfalfa a year; yield from 1 1/2 to 2 tons to the acre per cutting, which sells from \$10 to \$20 per ton. We have ranches that yield two crops of corn a year, and no dry years, for all we have to do is to make it rain, is to turn on the water in the irrigation ditches.

We have fruit ranches, cattle ranches, chicken ranches, hay ranches and, in fact, anything in the ranch line, large or small, and at all kinds of prices.

Arizona will soon become a state and is coming to the front very rapidly. All kinds of property are in great demand and getting higher every day. Railroads are being built; gold, copper and zinc mines producing untold wealth, and we have the finest climate in the world.

All inquiries answered promptly.

**B**REAKING to harness" is pretty lively work sometimes; but if it's well done, the results are usually good. We've broken a lot of high spirited fellows to our clothes; and we expect to keep on doing it. The man we especially like to "tackle" is the fellow who thinks we can't persuade him that these fine clothes, made for us by

**HART SCHAFFNER & MARX**

are better than any he gets made to measure; economy for him; better style, better quality. We're convincing a lot of just such skeptics right along. The clothes do it; all we have to do is to get them tried on. Men are sometimes a little stubborn about that, but once they get into the clothes, that settles it. They're the best, the most economical, the most stylish, and about the only clothes that you know are all-wool.

We like to get the other fellow, too, who thinks these clothes are too high priced; he's easy, if he once gets started; the economy is too apparent.

New suits in grays, browns, tans, blues; fancy mixtures, snappy new patterns, very stunning creations, \$17.50. \$27.50. Great line of fine furnishings; shirts, neckwear, hosiery, underwear. Best hats made.

## IT TAKES A SALESMAN.

To sell you something you don't want. A salesman can come to your home and sell you an article you never thought of buying. We are not good enough salesmen to do that, but our aim always is to place such merchandise before you as will sell itself, merchandise that shows upon its very face the value in it and requires no accompaniment of chin music to sell it. This is especially true of our line of ladies' new oxfords and strap slippers in gun metal, suede and patent, just placed on sale. Come and look.

## NEW POLISH.

## Price List Subject to Market Fluctuation.

### OUR TERMS:

We do a strictly cash business and carry no charged accounts. We handle country produce such as fruits, vegetables, eggs, etc. You will never know positively whether we can show you any advantage to be gained by giving us a share of your business until you have given us a fair trial. So try paying as you go and you will find it to your advantage as well as to ours. Just think of it, the person that buys goods on time and pays his accounts has to pay enough extra to make up for the ones that do not pay, or the merchant has to go out of business.

THE PLOW THAT SHEDS WHERE OTHERS FAIL.

This is a chilled plow modeled and constructed after the type of steel plow. It is lighter draft and sheds soil no other chilled plow will. In a word, it has proven to be a "short cut" to satisfaction and good crops. Chilled cutter on share, sloping landslide and long convex moldboard. The strongest share. All bolts for shares, landslide and moldboard are the same—quite a feature. The front is so low and the plow so rakish that nothing sticks to it except farmers, the crop maker. Remember, extra low front, very long moldboard, cutter on share and runs very light. Capacity, 19x12. Weight, 135 lbs.

A PLOW THAT IS DIFFERENT

The same old story but with a new front. This plow is high and bold, with a sharp cutting edge, and gets a new cutter with each new share. It meets with favor by all who appreciate this feature in a two-horse plow, as

A DOUBLE SHOVEL WITH DOUBLE VALUE.

Why double value? Simply because of superior material and construction. To those who know the Chattanooga Double Shovel Plow no argument is necessary. We are "lifting out hat" to the stranger to attract his attention.

He wants what we have if he only knew we had it.

Read this: High Carbon Steel Blades fastened with two bolts. Steel Feet with correct bend so they don't need resetting before used. Width between blades adjustable.

The best material, fashioned and finished in the best way. That is all and it is enough.
